ONE FUND APPROACH

A ONE FUND APPROACH means that we do not ask for designated gifts for specific projects, but instead all giving goes into in ONE FUND to support the ministry. This single fund will power our ministry and key growth initiatives as we continue as we continue to *Love God, Love People and Make Disciples* in Mebane and for the nations.

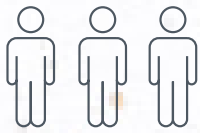

CHURCH PLANTING

Our team is reviewing curriculum and preparing for intern selection process. We are still researching where our target area will be for the next church plant location.
